

Réponses du BDF au questionnaire EDF relative à l'organisation du XXème anniversaire (2017)

EDF 20-year anniversary

Share your ideas!

In 2017, EDF will complete 20 years of action! For our 20-year anniversary, we will prepare a campaign to raise awareness for the rights of persons with disabilities in Europe, our achievements all these years together with our members and our future actions. We would like to hear the ideas of our members.

* 1. Is your organisation:

A National Council member of EDF

A European full member of EDF

An ordinary member of EDF

An associate member of EDF

An observer member of EDF

* 2. What does EDF's 20-year anniversary mean to you?

A specific moment to celebrate 20 years of action. So the focus should be placed on actions and results more than on speeches

* 3. What actions would you like to take at national level for EDF's 20 year anniversary, in your country, together with EDF? You can also base your thoughts on what will be most relevant in your country, or on past successful initiatives.

According to the specific situation of Brussels in the EU, we guess that the Belgian capital city could host the EDF main event. If so, it would be strange if the BDF was organising a specific event on this topic during this period. The BDF could centre the "public" part of its general assembly to this topic. It would be centred on what did EDF, what did BDF do in the EDF and, mainly, what will be the next challenges. The General assembly generally take place at the end of February

* 4. Are there any other actions that you think EDF should take in view of its 20-year anniversary?

For the BDF, a focus on the mobility card would be most welcome. Especially, the 20th anniversary will take place about at the same moment as the launch of the card. It could be the right moment to convince other member states to join the system.

* 5. We look for new mottos to make our campaign stronger. What would you like to hear as a main message in our motto? You can write a whole sentence or just words that are important to you.

Nothing can move without us

* 6. Can we contact someone directly in your organisation to discuss this further, if so, who?
(Thank you for giving a name, email address plus organisation)
