OK, très bonne réunion, je pense.
Manifestement Charlotte et Anca en sont sorties contentes.
L'important à notre niveau est que les problèmes identifiés par des voyageurs soient transmis vers le BDF (info@bdf.belgium.be) qui fera le lien vers Benjamin : pour que le groupe de travail puisse en assurer le suivi vers William et Lara.
Nous recevrons le rapport de William, mais j'ai des notes assez complètes si nécessaire.
Bonne journée
Olivier

Hello Daniel

Charlotte Aelbrecht, vice president of the BDF asked to take part to the meeting in last minute.

William Costermans added her in the Teams meeting. I guess she will react from scratch.

For myself, I will explain who are the "actors" at Belgian level : BDF & National High Council of the persons with disabilities (CSNPH) and the role of the BDF as transmission between EDF and CSNPH. It will be 2 minutes.

My colleague Benjamin Laureys from the secretariat of the National High Council will explain how the CSNPH is working with Brussels Airport.

I never met M. Costermans, but I hear that he is a very positive actor on these topic.

See you in a few minutes.

Kind regards
Olivier

Hi Olivier,

Regarding the structure of tomorrow's meeting this is what I have in mind:

- **Daniel Casas** (EDF) – Introduction and explain the initiative of the letter in the context of the EU Presidency (250 pwd coming to Brussels for General Assembly and other events).
- **Gunta Anca** (EDF VP) – Explain the main concerns we have in Brussels Airport and our recent experience.
- **Olivier Magritte** (BDF) – **TBD**
- **Reaction from Brussels Airport**
- **Daniel Casas** (EDF) – Explain the policy context the initiative, our campaign on passenger rights and propose next steps (visit to Brussels Airport for awareness raising and provide contact person for PRM related matters in the airport).

As you will see, the goal is to tell them that with the upcoming presidency of the council we will have many events (including the General Assembly with more than 250 pwd traveling to Belgium from all over Europe) and that we expect Brussels Airport to have the right system in place. We can inquiry about present and future initiatives and, at the end, ask them reconsider the possibility of a field visit to know how they work on the matter (was an idea that was discussed with them in the past, which never happened) and know who the contact person would be for any logistic concern we'd have in the future.

Regarding the structure, let me know what you prefer, or if you want to take the lead in any of the proposed points.

Best,

From: Magritte Olivier <Olivier.Magritte@minsoc.fed.be>

Dear Daniel

I will take part in this Teams meeting about Brussels Airport for the BDF. There will be representatives from the Belgian National Council as well. I don't think there will be a member of the Board of the BDF.

Kind regards

Olivier Magritte

Dear Olivier and Véronique,

I hope you are doing well.

As you might have seen, William Costermans, from Brussels Airport, has written to us for a meeting the 30 June at 10.30h.

Before replying I wanted to ask whether you will also be attending. From our side, it would be Gunta Anca (EDF VP) and myself.

Thank you very much and have a lovely day.
