4th European Parliament of Persons with Disabilities

**Wednesday 6 December 2017
European Parliament hemicycle (Brussels)**

Background

The EPPD is intended to foster a dialogue between representatives of organisations of persons with disabilities, members of the European Parliament and EU decision makers.

The EPPD has been held three times to date - in 1993, 2003 and 2012. The 1st EPPD was organized under the initiative of the European Commission within the scope of the HELIOS Program before the creation of the European Disability Forum, and coincided with the adoption of the UN Standard Rules on the Equalization of Opportunities for Persons with Disabilities; the 2nd EPPD, organised this time by EDF, marked the end of the European Year of Persons with Disabilities 2003 and the 10th anniversary of the UN Standard Rules, and took place while negotiations for the UN Convention on the Rights of Persons with Disabilities (UN CRPD) were ongoing; and the 3rd EPPD focused on the implementation of the UN CRPD in the EU in a time of crisis, following its ratification and immediately prior to the EU submitting its first report to the CRPD Committee.

The UNCRPD and its optional protocol were adopted on 13 December 2006 by the UN General Assembly. Since then, the Convention has been ratified by 173 countries, including 27 EU Member States, and the optional protocol has been ratified by 92 countries, including 22 EU Union member states. The European Union concluded the UNCRPD on 23 December 2010, while EU ratification of the optional protocol remains pending. In 2015, the EU was reviewed by the UN Committee on the Rights of Persons with Disabilities on its progress in implementing the UN CRPD and received commendations from the Committee.
