

Bonjour

Vous aurez sans-doute vu l'e-mail de Catherine.

Il se pourrait donc qu'il doivent retourner à une vieille solution e-mail pour l'envoi des documents pour le board.

Nous verrons la semaine prochaine comment ils s'en sortent

Olivier

Objet : EDF Board info- our website is down

EDF BOARD INFORMATION

Dear Board members,

This morning we had to take the EDF website down because it had been hacked and there were links added by the hackers. Our website support company are investigating and will get the website back up BUT unfortunately it looks like our overall system may need to be modernised to prevent this happening again.

I will keep you informed- thanks for your patience.

Warm regards,
Catherine
