

Bonjour Véronique,

Nous n'avons eu aucune information officielle sur le calendrier et essayons d'en savoir plus de notre côté.

Certainement un point pour notre réunion UNIA-CSNPH de décembre ...

Objet : rapportage CRPD Belgium

Chers tous,

Nous avons récemment demandé au secrétariat du Comité CRPD la confirmation du timing de rapportage CRPD pour la Belgique et voici la réponse que nous avons reçue de Monsieur Araya :

Comment: upcoming combined 2nd and 3rd periodic reports of Belgium under the simplified reporting procedure are due in August 2019, which entails that the Committee would need to prepare list of issues under the simplified reporting procedure one year in advance. Depending on whether or not the Committee is granted additional meeting time by the General Assembly by end of 2017, the adoption of the list of issues may be scheduled in August 2018 or February 2019, which means that written contributions from monitoring mechanisms and other stakeholders are expected either late in May 2018 or late in November 2018. As of today is not possible to predict which will be the exact dates. We will need to wait until end January 2018 to get a better picture of the situation as budget appropriations for the biennium 2018-2019 will only occur by then.

Etiez-vous au courant?
