Beste Gauthier,

Thx voor het voorstel, dus wat mij betreft, OK.

De EDC is tenslotte een initiatief op de Europese (EDF) agenda gebracht door het BDF.

Houd me verder op de hoogte aub.

Beste groeten,

Pierre.

Voorzitter BDF.

Dag Pierre,

Tijdens de COSP in juni, is de Europese Commissie van plan om een side-event te organiseren over de European Disability Card (zie mail hieronder).

Joachim kan het Belgische project presenteren maar ik had ook voorgesteld dat jij de visie vanuit BDF/EDF presenteert. Ima van de EC (in cc) is ok daarvoor. Zie je dat zitten ?

Mvg,

Gauthier

Hi

Great!

Of course Joachim is most welcome. We will put his name in the programme.

Also we will be happy to have Pierre providing the users perspective.

Could you please put me in contact with him? We are already adding his name too.

Kind regards

Dear Ima,

Thank you for the initiative and the proposition.

I will not go the COSP this year but my colleague, Joachim Lommelen, will be present and he would be ready to participate.

Another option is a representative of the civil society : Pierre Gyselinck (from BDF/EDF) will also be part of the Belgian delegation.

Let us know if one of those two options would be interesting for you.

Best regards,

Gauthier Cocle

Dear Colleagues,

The European Commission is preparing a side event at the margins of the Conference of State Parties of the UN Convention on the Rights of Persons with Disabilities in June in NY. The subject will be the "The experience of the European Disability Card". Please see short draft description enclosed.

In the side event we would like to have presented hopefully to or three examples of MSs experiences with the card.

So we are reaching out to you asking whether you (or a representative of your Member State) would be participating in the Conference of State Parties and if so if you would be willing to present your experience with the European Disability Card.

If you do not attend yourselves, please feel free to let us know if the representative of your MSs would be willing to present it.

The deadline for submitting the proposal to the UN is 24th of April. Consequently I would need your reply by the 23rd of April.

Please note that the European Commission is not able to cover any cost related to this event.

Thanks in advance

Ima
