Dear Emilie,

I apologise for the long delay in my reply. We had to first consult the EDF Executive and there were elections in May so everything took a bit longer.

As a result of the consultation, we unfortunately have to decline your offer for a position in the steering committee of the event. We simply do not have the resources and capacity at the moment to commit to this position, especially because it was not foreseen in our 2017 work plan.

However, EDF would very much like to support the event and we are convinced it will have a high added value also for accessibility in Brussels and will give visibility to many important policy issues. Therefore, we are happy to provide our full support in communicating about the event via our network, suggesting speakers and other partner organisations, and advertising the event on social media. You are also free to use our logo and indicate EDF as a “supporter” of the event, even if we cannot participate in the steering committee.

I have attached the EDF logo in high resolution so you can use it for your communication and publications. Let's stay in touch!

Best regards,

Marie
