Onderwerp: Presenting Sif Holst as candidate to the UN Committee on the Rights of Persons with Disabilities at the election in 2022

Dear fellow EDF board members

Disabled People's Organisations Denmark is proud to have our vice-chair, Mrs. Sif Holst, as candidate to the UN Committee on the Rights of Persons with Disabilities at the election in 2022. Sif has been an active part of the Danish disability movement for the past 20 years and internationally; in a Nordic context, in the European Economic and Social Committee and in the Global South. We need skilled women with a disability in the Committee. Mrs. Sif Holst will be an asset for the Committee and in advancing the rights of persons with disabilities.

I attach a candidate presentation with biographical data. You can find more information about Sif, including a video presentation, on this website www.sifholst.dk.

Best regards,

Thorkild Olesen

Formand
