Objet : Save the date: Web Accessibility Directive Deadline

Save the date: Online event: Web Accessibility Directive Deadline - Are we accessible yet?

September 23rd, 15:00 – 17:00

By the 23 September 2020 all public sector body websites must be accessible for persons with disabilities as required by the 2016 EU Web Accessibility Directive, a milestone legislation for accessibility and digital participation in the EU.

We are inviting you to an online discussion co-organised with the European Commission unit responsible for this EU law to discuss achievements and remaining challenges for the full implementation of the Web Accessibility Directive.

Join us and other disability activists, accessibility experts, representatives from the European Commission, national governments and public sector bodies to identify best practices and shortcomings of implementation.

[Register to this online event](#)

We look forward to your participation!

Kind regards,

European Disability Forum Secretariat
